Subject - Environmental Studies
Class – 1

My Body

In this chapter we will learn about human body parts. Without head we cannot. See, hear, smell or eat. It has ears with which we hear different sounds. It has eyes with which we see different things around us and it has nose which smells different types of aroma. We taste sweet, salty and spicy things with our tongue and feel heat and cold with our skin. Brain is the engine of our body. It controls all the other body parts. We have two arms to hold and lift things .We have two hands and ten fingers for clapping and holding. We have two legs for walking, jumping, dancing and cycling.
